GRINDING WHEELS FOR STAINLESS STEEL

- For use on stainless steel and other high tensile alloys
- Synthetic Resinoid Technology™
- Excellent performance on stainless steel
- Also works very well on carbon steel
- Fully reinforced

CATALOG #	SIZE	QTY.	U/M

ABRASIVES

6" X 9" HAND PADS

- MAROON**
- Aggressive cutting action
 - Durable construction
 - Can be used with most solvents
 - Great for blending, light deburring, cleaning
- BROWN**
- Highest concentration of abrasive grain
 - Tough reinforced fiber mesh
 - Great for rust, oxidation removal, sharp burr removal
- GRAY**
- Ideal for decorative finishing, stone polishing, wood deburring
- GREEN**
- Great for food prep clean-up, cleaning aluminum, removing paint splatter, overspray
 - Ideal for oil and grime removal
 - Removes caked on corrosion
- BLACK**
- Designed to impart grain finish on stainless steel
 - Cleans discoloration from stainless steel, removes residue
 - Great to reorient scratch patterns
 - Blends tool marks
- WHITE**
- Great media for transporting polishing compounds
 - Ideal for non-abrasive cleaning and buffing

LINE MATE™ DRUM SANDER

11U30A268

11U30A269

- The Line-Mate™ surface finishing system is the most versatile method for all applications where a linear scratch pattern is required. Whether you need to grind, sand, clean, buff or polish any metal surface, this system offers the most complete range of products to meet the line finish required by your specifications.

CATALOG #	DESCRIPTION	QTY.	U/M
11U30A268	TOOL ONLY	1	EA
11U30A269	TOOL KIT	1	EA

PNEUMATIC DRUMS

Puts a cushion of air between your abrasives to:

- Increase belt life by reducing heat build up
- Allow more flexibility (conforms to concave and convex surfaces)
- Achieve a more consistent surface finish.
- Max rpm 3800

CATALOG #	SIZE	QTY.	U/M
11U07F037	3-1/2" X 5" X 5/8"-11	1	EA
11U07F051	5-3/8" X 3 1/2" X 5/8"-11	1	EA

CLOTH DRUM BELTS

- Create or restore line finishes
- Level off square welds
- Round corners
- Remove scratches, paint, rust, and scale with ease
- Equipped with taped butt joints for longer life and higher removal rate

WALTER SURFOX 103

The Surfox weld cleaning system removes weld discoloration and passivates the work surface without the use of dangerous pickling paste. TIG and SPOT weld discoloration are removed instantly and the original mill finish is restored, requiring no further treatment. Neutralization is accomplished with Surfox-N to complete the cleaning process.

THIS TRULY REVOLUTIONARY SYSTEM IS:

SAFE Surfox-T cleaning solution is laboratory certified to be safe and poses absolutely no health risk to operators.

FAST Cleaning and passivation of a typical TIG weld is done at a rate of 3 feet per minute.

EASY TO USE The cleaning liquid is delivered automatically to the cleaning tip by an integrated pump system—without spills, just the right amount and without stopping the cleaning action.
